NILAMANI ROUTRAY): (a) and (b) This is being considered as part of the Eighth Plan proposals.

New CGHS dispensaries/ hospitals

592. SHRI JAGADISH JANI : Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether Government have any proposal to set up more C.G.H.S. dispensaries/hospitals during the Eighth plan;

(b) if so, what are the details thereof State and Union Territory-wise; and

(c) what is the existing number of hospitals/dispensaries in different States and Union Territories which are managed by Central Government ?

THE MINISTER OF HEALTH AND FAMILY WELFARE (SHRI NILAMANI ROUTRAY): (a) and (b) The VIII Five Year Plan proposals have not been finalised so far. The question of setting up of more CGHS dispensaries/hospitals in States/Union Territories will be considered after allocation of Funds to CGHS.

(c) 249 Hospitals and 222 dispensaries (under CGHS) are managed by Central Government in different States and Union Territories.

Petrochemical Complex at Paradeep

593. SHRI JAGADISH JANI: Will the Miniser of PETROLEUM AND CHEMICALS be pleased to state:

(a) what are the reasons of the delay in setting up of the petrochemical complex at Paradeep in Cuttack district of Orissa;

(b) what steps have been taken to expedite the setting up of the project; and

(c) by when it is expected to be set up ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI M. S. GURUPADASWAMY): (a) Government have not received any proposal for setting up a Petrochemical Complex at Paradeep in Cuttack district of Orissa, in the recent past.

(b) and (c) Does not arise.

Losses incurred by State Electricity Boards

594. SHRI PRAMOD MAHAJAN:
SHRI ASHWANI KUMAR:

Will the Minister of ENERGY be pleased to state:

(a) what are the names of the State Electricity Boards which are running in losses;

(b) what are the losses incurred by each during the last three years and current year along with the cumulative loss incurred by each;

(c) what are the reasons for the losses, the steps taken so far to eliminate such losses and the results achieved so far State-wise;

(d) whether there is any new action plan of re-orientation to improve their performance commercially and in capacity utilisations; and

(e) if so, what are the details in this regard ?

THE MINISTER OF ENERGY WITH ADDITIONAL CHARGE OF THE MINISTRY OF CIVIL AVIATION (SHRI ARIF MOHD. KHAN): (a) and (b) A statement showing the surplus/deficit of various State ElectricityBoards during the last three years and current year as well as cumulative surplus/ loss is given in Annexure.

[*See* Appendix CLIII, Annexure No. 26]

(c) to (e) The main reasons for the losses incurred by the SEBs are, absence of equity component in the capital structure of the SEB, non-capitalisation of interest during construction of projects in the past, low agriculture tariff, non-payment of RE subsidy by the State Government, inadequate rate of depreciation for adequate generation of internal resources, payment of State Electricity duty; high T&D losses in the power system, high establishment cost due to overstaffing, large arrears in revenue collection, time and cost overrun in completion of projects, deficiencies in operation and maintenance practices, etc.

Steps taken to improve the performance of the SEBs include amendment to the statute making it obligatory on the Boards to earn return of 3% surplus on fixed assets, making theft of power a cognizable offence, implementation of centrally sponsored renovation and modernisation schemes for uprating the performance of the thermal power stations, introduction of meritorious productivity reward scheme for improved performance of thermal power stations, etc.

As a result of timely measures taken by State Governments to restructure the loans of the SEBs, revise the tariff and release RE subsidy, etc., 5 State Electricity Boards have improved their financial performance.

Efficiency of Anti-Polio treatment

595. SHRI VISHWASRAO RAMRAO PATIL: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether any cases have been reported during the last three years about the failure of anti-polio treatment; and

(b) if so, what are the details of assistance, including financial assistance made available to the victims in these cases ?

THE MINISTER OF HEALTH AND FAMILY WELFARE (SHRI NILAMANI ROWTRAY): (a) Poliomyelitis is one of the six diseases for which vaccine is administered under Immunization Programme in our country. The efficacy of oral polio vaccine is estimated to range between 85 to 90 per cent and there are cases reported in scientific literature from several countries indicating that in rare cases a fully vaccinated child can also get the disease. Routine statistics of such cases is not collected, but analysis of the data relating to cases treated in the city of Bombay during 1987 revealed that out of the children who suffered from attack of poliomyelitis nearly 17% had received three doses of oral polio vaccine. While the total number of polio cases in the community will be substantially reduced as a result of mass immunization, the proportion of vaccines among the positive cases may show an increase owing to inherent limitations of the vaccine efficacy ; and

(b) Immunization provides significantly high level of protection against disease and hence mass immunization is provided as part of the public health programme, though no specific assistance is given to any child who may unfortunately catch the disease. Rehabilitative care is, however, available through hospitals and specialised medical institutions.

Sick Industrial Units in the country

596. SHRI JAGADISH JANI: Will the Minister of INDUSTRY be pleased to refer to the answer to U. Q No. 1458 given in the Rajya Sabha on the 31st July, 1989 and state:

(a) what is the number of large, medium and small scale industries
